Virtual Seminar

Understanding Chronic Inflammatory Skin Conditions: Eczema, Psoriasis, and Evidence-Based Approaches

Chronic inflammatory skin conditions such as eczema and psoriasis affect millions of people and can significantly impact physical health, emotional well-being, and quality of life.

Join us for a discussion exploring the causes, symptoms, and treatment of eczema and psoriasis. This session will cover common signs, misconceptions, evidence-based treatment and management strategies, and practical approaches to living with these chronic conditions.

Presenters:

Alison Dempsey, M.D.
Assistant Professor of Clinical Dermatology
Weill Cornell Medicine

This seminar is FREE and open to the public.
Registration is required for Zoom information.
